Boseben Picks Up 140 Pounds and Beats Marjoram a Head-Eugenia Burch Takes Her First Race of the Year Snyder Scores With Snow and Dodina.

BARATOGA, Aug. 22.—James B. Brady's Waterlight, regarded by some as the equal of Olseau, his stable companion, proved to be a bitter disappointment in the \$5,000 Saranac Handicap for three-year-olds, one mile and a furlong, run here this afternoon. He and a furlong, run here this atternoon. He was a pronounced favorite at 13 to 10, with E. W. Jewett's Bedouin second in favor at 18 to 5, while John Sanford's Burnt Hills and H. B. Durysas's Rose of Dawn were also in some demand. At the start Burnt Hills set a rattling pace which was maintained for half a mile. Then Bedouin and Waterlight, who had been following closely went out. and H. B. Durysa's Rose of Dawn were also in some demanii. At the star Burnt Hills set a rattling pace which was maintained for half a mile. Then Bedouin and Waterlight, who had been following closely, went out in front at a killing rate of speed. Only a half a length separated them as they reached tine head of the stretch, where o'Neilli who had been hugging the rate of speed. Only a half a length separated them as they reached tine head of the stretch, where o'Neilli who had been hugging the rate of the way with F. R. Hitchcock's Dandredon, a 12 to 1 shot, began to move until a became a factor at this peed of the stringgle, so that it was a string drive all the way to the wire. O'Neill put and the proval in his hand Dandelion won by a bect, with Merry Lark a head in front of Bedouin, while Waterlight was the same distance out of the money. It was O'Neill's horsemanship that icarried the day, and the propular jockey was warmly received at the scales. The race was run in 1:53 4-5.

Roseben, the champion weight carrier, ran another of his remarkable races in the first event, a handicap at six furiongs. He picked up 140 pounds and was practically an equal favorite with Marjoram, who carried only 104. O'Neill got the big sprinter of running at the start, and after setting the pace at all stages, he lasted long enough under a drive to win by a head in the good time of 1:13. Marjoram, however, with an even break would have won, as she was off poorly and had a rough road to travel before Burns got her clear from the rush to the wire. As it was, she took place money from Right and True, 20 to 1, by a half a dozen lengths, after the latter had been run off his feet by Roseben. Burleigh, 5 to 1, who was practially left at the post, ran a corking good race, finishing a head out of the money.

New Mown Hay, the choice in the second race, at a mile, disposed of Scotch Plume easily, and then raced on to an easy victory by half a length in 1:07 3-5. Frank Farrell's Arkhing the place from the runk in the first drace, or a wea

AUDUBON BOY PACES IN 2:01 3-4. Pastest Mile of the Season Shown at Readville Grand Circuit Opening.

READVILLE, Mass., Aug. 22.—The abbreviated Grand Circuit meeting began here this afternoon and although pool-selling was not allowed, there were about 5,000 persons present and considerable betting was done privately by individuals. The real race of the afternoon was in the 2:14 trot, known as the Ponka Pong, when the record for this annual event was braken three times. for this annual event was broken three times. Another feature was the fast mile paced by

Another leature was the last line paced by Audubon Boy in exhibition.

This pacer was scheduled for a three-cornered match race with Estcatic and Belle Mo, but the owners of the latter two horses failed to post their stakes and so the event was called off.

Adubon Boy driven by Billy Andrews Audubon Boy, driven by Billy Andrews

stepped the mile in 2.01%, the fastest that has been shown this season. The fractional time of the mile was eason. In a rac-tional time of the mile was eason. 133%, 133%, 133%, 201%, making the last half in 83%, iand the last quarter in 28% seconds. The perfor-mance is all the more remarkable from the last quarter in 28% seconds. The performance is all the more remarkable from the fact that it was not the intention of his driver to cut him loose. There can be no doubt as to the stallion's ability to pace a mile in two minutes; indeed, the opinion was freely expressed after the trial that Gat Combs's stallion can beat Dan Patch.

The track and weather were perfect for fast racing, but the predictions of the horsemen that a new record would be made for the 2:30 trot. the Blue Hill Stake, the first event of the afternoon, were not fulfilled, the best time in the event being 2:30%, while the record made by Kinney Lou two years ago is 2:08%. Deleree was the favorite for the Blue Hill and the mare justified the confidence of her admirers by taking the race in straight heats in a field of twelve starters, all of the heats being won easily.

There was an upset in the Ponka Poas when Glenwood M., the selection of the regular followers of the circuit, was besten by Ethel's Pride, four heats being necessary. Glenwood M. won the first heat in a close finish with Turley, a quarter of a second being clipped from the record. Ethel's Pride won the second heat in a drive in the fast time of 2:07%. The mare continued her good work in the next two heats, winning them both very handily.

Noma was the choice among the baby trotters and she took the two necessary heats quite easily.

McBride Wins One Mile Swimming Race Long Brance, Aug. 22.—The one mile swimming race postponed from Aug. 12 took place at Cranmer's Beach this afternoon. took place at Cranmer's Beach this afternoon. The starters were Harry Cubberly, Charles McBride, Herbert Kelly and Fred Jordan. The quartet swam out to the fish nets and back, a distance of half a mile in each direction. They were accompanied by a life boat. On the homeward swim Kelly and Jordan gave up and were taken aboard the lifeboat. McBride took the lead and held the position until the shore was reached. The outward swim was made in 12 minutes and the inward in 11. McBride beat Cubberly by two lengths.

TO-DAY'S CARD FOR SARATOGA. BAIRD'S LICENSE REVOKED.

PROMPTLY ON RIDER'S CASE. Apprentice Allewance Precured Under Palso Pretenses" the Stated Cause for Banishment of Jockey Whose Ride on Woodsaw Caused Investigation.

SARATOGA, Aug. 22.—The stewards of the Jockey Club held a meeting this evening after the races, and one of the first matters that came up for their consideration was the case of Jockey Baird, which was referred to them or Jockey Baird, which was referred that yesterday by the stewards officiating here. Since the boy was suspended the other day, they have been getting evidence as to the connections of the rider and of those that held

connections of the rider and of those that held the contract on his-services. As a result the stewards handed out the following rulings: "Robert Micholson is ruled off the turf for practices in contravention of the rules of racing. The jockey's license granted Harry W. Beird is revoked, apprentice allowance. having been produced under false pretenses. Nicholson is the party that holds the contract on the boy and also brought him East. Last winter he was training for Thomas Hatfield, one of the parties implicated in the case of Jockey Hicks at New Orleans three years ago, when the boy, after a lot of persuasion, confessed that he had ridden to lose under confessed that he had ridden to lose under threat from Hatfield and another party that they would shoot him. Hatfield was ruled off but was afterward reinstated and is still racing horses in the West. Nicholson has always asserted that his association with Hatfield was anything but pleasant and that he had out loose from him. Just what his offense was here has not been made public. The revoking of the boy's license seems to be based on the fact that he asked for and received an apprentice allowance that and received an apprentice allowance that he was not entitled to; still the chances were that the evidence submitted showed other and graver reasons for his banishment, for that is what the taking away of his license means. It is said that before the boy rode at Latonia last fall and scored his first victory on a legitimate track, that he had been riding in the bushes. It may be that the boy may be able to clear up his part of this deception, but with the other matters hanging over his head it is very doubtful if he will be seen in the saddle again this year. The investigation

began after a poor ride on Woodsaw.

All idea of starting Mohawk II. in the Futurity was abandened to-day and the colt, as soon as able to be moved, will be shipped back to the farm at Amsterdam where he was bred. His handlers report that there is some improvement in his condition to-day, but that this does not mean that he will round to with

His handlers repert that there is some improvement in his condition to-day, but that this does not mean that he will round to with any great haste. On the contrary they have grave doubts as to whether he will be seen at the post again this year, and as for another season they are simply hopeful. They know that they have a good out and are perfectly willing to wait for any length of time rather than push things and break him down completely.

The colt's owner, John Sanford, and his father, old Gen. Sanford, feel keenly the accident that takes this colt out of the big race at Sheepshead. They had every hope of winning it, for the colt had shown, them even better than his race and with the field for the race lacking in stars they had every reason to believe that victory would come their way and bring to Amsterdam another Futurity winner. For Potomac, who has brought their breeding establishment fame galere is in the roster of winners of the event in question, although when he was the property of August Belmont, the father of the present chairman of the Jockey Club.

The rest of the Sanford stable will be shipped to Sheepshead Bay, and it is almost certain that it will be able to pay expenses and a little more, for there is some very useful material in the lot. When it became a certainty that Mohawk II. was out of Saturday's race there was guite a scramble to secure the services of Redfern, who was to have ridden him, but the seekers found they had been forestalled by Tom Welsh, for yesterday, as soon as he heard of the mishap to the Sanford colt, Redfern made a provisional engagement that if his services were not required by his employers he was to take the mount on Ormondale. This agreement was confirmed to-day, and this means that one of the mest dangerous factors in the rase will be in good hands, for Redfern is in better form just now than he has bean all summer.

Ormondale was out this means that one of the mest dangerous factors in the rase will be in good hands, for Redfern is in better form just now than h

Others have worked faster, but it was the manner in which this was done that impressed them and they now think this colt will take the place given up by Mohawk II., that is favorite.

J. A. Bennett has secured the services of W. Knapp for his filly Flip Flap in the big race of Saturday. The boy had been reserved for some time back to plate one of them seems to have a chance, Mr. Dwyr has agreed to let Bennett have the boy. This should make a happy combination, for this jockey is a very patient rider and the filly he will have under him needs just that sort of handling. She has a great chance for the race provided that the big field does not bring some interference. She is a slow beginner and if she should be knocked about much would surely be besten. Her preparation, which has been made here, has been gitted, and some very clever judges now rate her chances as second to none.

The owner of Ruth's Rattler, who finished second in yesterday's steeplechase, has filed a protest against the payment of the purse to Mr. T. Danaher, in whose name Charawind ran, on the ground that he is not the owner of the horse. This matter will be looked into by the stewards of the National Hunt and Steeplechase Association. They have been isolking up the transfer of the borse to Danaher's on their own account, and now that a protest has been made, they will insist on having the bill of sale, which has thus far failed to develop. This probably means that Edward Corrigan, who formerly comed the horse, will be called on for the details of the transfer. He is here, and will no doubt appear if required to. The parties making the protest seem to think they have a good case, that they have a good case, that they have a good case, they will be alled to develop. This probably means that Edward Corrigan, who formerly comed the remainer. He is nere and will not do to condemn him on this one race as he ran as if he was away short of being at top notch. Those that say in the third race, but falled to get a share of the prove the winer. Dandelion'

KRAMER DEFEATS FENN. John Bedell Bests Lawson in Two Mile Cycle Handlesp.

There was no necessity for running all of the three heats in the Kramer-Fenn half mile match race last night at the Valleburg cycle track, for Kramer won the first two. The JOCKEY CLUB STEWARDS ACT match was for a \$500 purse, \$300 to go to the victor. The amateur events looked rather easy for the New York A. C. team; but the slate was broken in the half mile open, when little Billington of the National A. C. of Brooklyn made a daring and successful runaway, lyer Lawson sagmed to think he away. Iver Lawson seemed to think he could outsprint John Bedell any fime he was ready in the two mile professional handicap. but the Long Islander was still two feet in the

lead when he crossed the tape.

Kramer was the slowest man off the mark in the initial heat of the match race, and so Fenn led around to the far turn. Then the pair began doing stand still stuits and at this Fenn was the more accomplished, as Kramer was forced to take the lead. Kramer quickened his pace a trifle on the backstretch of the last lap and Fenn began his sprint at the eighth pole. Fenn did his very best, but was a foot more than a length behind at the talle. The heat was ridden in a minutes. tape. The heat was ridden in 8 minutes seconds, and no kick was made by the crowd.

was a foot more than a length behind at the tape. The heat was ridden in 3 minutes a seconds, and no kick was made by the crowd, as they understood and appreciated the tactics of the Pair.

Fenn led from the start in the second heat. Kramer began his sprint as they turned into the homestretch, and though, he won by scarcely a foot he finished sitting up and apparently able to increase his speed still more had it been necessary. Kramer wore a new slik shirt with the American flag embroidered on its front. The quarter sleeves were red, white and blue stripes with stars in them. Kramer had just received the shirt from Turin, Italy, where he ordered it last winter, and he remarked before the race that he must surely win with the flag on his breast. Kramer and Fenn were team mates all last season, but this year both are out for championship hohors.

In the two mile professional handicap the field bunched just after the second mile was begun. Root and John Bedell, who were teamed, led at the bell, with Lawson and McFarland fourth and fifth in the line. Lawson finally concluded to get busy at the sighth pole and started to sprint around the leaders. John Bedell had pienty of speed left and the pair had it out down the stretch, Bedell winning by two feet. McFarland, after being pocketed as he swung into the straight, extricated himself and finished third.

The Mercury Foot delegation managed to win four prizes in the two amatuer races. They might have captured another first place but for Billington's fine jump in the half mile open. Twenty-seven were sent away in the five mile handicap and the field bunched at two miles. Zanes and Rupprecht, Mew York A. C., scondic Chartes Fry, Newark, third. Time, 24 1-8 seconds.

Cedrine Clips Many Seconds From Time Made by Harkness on Elkwood Track. LONG BRANCH, Aug. 22.-Emanuel Cedrino of Milan, Italy, driving a 24 horse-power Fiat car, established a world's track record for the plucky Italian, who is entered in the Vanderbilt race next month, started out to beat the fifty mile record, I hour I minute 23 1-5 seconds, made a year ago on the Elk-wood Park track by Harry Harkness.

He not only succeeded in beating every record made last year from one to fifty miles, but established a new one for fifty miles, 58 minutes 14 2-5 seconds, notwithstanding that he stopped at the end of his thirty-fourth mile for at least twenty seconds, the solder joint on the gasoline air pipe having broken. It was noticeable that tedfrino was in trouble as he passed the judges, stand, although he continued on till the end of the fifty mile race was the feature of the day, although the contest between Guy Vaughan and Cedrino in the one mile free for all furnished good sport, the Italian winning handily. The fastest mile made by Cedrino was the sixth, which was made in 1 minute and 4-5 second. Cedrino will try for the middleweight, records to-morrow. The time for each five miles: Five, 5:06: ten, 10:13; fifteen, 15:20 1-6; twenty, 20:27 3-5; twenty-five, 25:38 3-5; thirty, 20:22 2-5; thirty-five, 35:40 2-5; forty-five, 47:35 4-5; fifty, 53:14 2-5.

Squadron A Beats Westchester at Pole. NEWPORT, Aug. 22.—The most exciting game of polo ever witnessed in Newport in recent years was that played this afternoon at the field of the Westchester Polo Club, in which the crack team of that club was practically snowed under by Squadron A of New York, it being the most complete surprise in polo of the year. The handicap given by in pole of the year. The handloap given by Westchester was the largest ever known in Newport pole. Squadron A getting 22 soals in this manner. The game was in the series for the Westchester Pole Club cups and was fast and exciting from start to finish.

Even with the big handloap the Westchesters had to allow it was thought that they would play the Squadron A men off their feet. There times during the game L. Waterbury was thrown from his pony, so fast was the riding, but he was not injured.

In the first period Squadron A scored 2 goals to Westchester's 1, and from that time on the game was fast and furious. The score: Squadron A, 23%; Westchester, 12.

Whenever the New Yorks looked to Louch parted from his moorings in yester-day's same at the Polo Grounds the college bred twirler tightened up and refused to let the lid be pried off. fat and rotund chances to swing into the lead by alinging out a hit here and there, but Lynch took his time on the occasions when the New Yorks were on the verge of breaking into his composure and breaking up the game, and though he was on the edge of the dook he did not fall overboard. In the econd, third, fourth, fifth and sixth innings the New Yorks showed signs of doing a profitable business, but though near were yet so far. They wound up the game tamely, their energy having been expended, seemingly, in the earlier innings in fruitless attempts to even up the score.

The game had a full accompaniment of fussing and growling at the umpire, and McGraw was finally siderracked by Johnstone, It was a scrappy game and contained many good plays, but while the Pittaburgs played good ball all the time the New Yorks had their off periods, lacking the cohesion and steadiness of the Pirates. In its entirety New York's game was several degrees removed from pennant callber. The game was lost for the home team while Taylor was in the box. Ames pitched the last, five lanings and pitched exceedingly well. He was engaged in a hopeless undertaking but did his part ably.

The second inning was lively. Donlin drepped wagner's long fly after judging it admirably. Wagner reached second, went to third on a sacrifice and was thrown out at the plate by Dahlen. There was a roar at the decision but Wagner was out as he sild in front of the plate. I've of the home team reached base in the second. Meries and Dahlen were doubled on the latter's swat to Brain, and Glbson's plumb line throw to Wagner, checked Devilm stealing.

Richey hit to right in the third inning, and McCann's slew work on Glbson's but treathed in the safe arival at first of Glbson. Lynch also bunted safely. Glbson would have hailed Glbson, but McGann's throw was neither sharp nor accurate. Ritchey scored on Leach's force of Lynch Devilu made a cracking good play by raining in Clarke's liner, dashing back to third and doubling Glbson. The New Yorks scored their only run

Chicago (N. L.), S. BROCHLYN, S.—FIRST GAME.

Defeats came to the Brocklyns two at a time vesterday. The Chicagos were the other factor in the bargain day attraction and made the most of the glorious opportunity for a big leap forward. The Brocklyns were played off their feat in the first game, the Cube batting well and fielding perfectly, and there was really no second. The second are was closer and much more spirited it was not more than 10 to 1 against the Brocklyns at the first part of the eighth inning, as they were then one run ahead. Scanion had been pitching well and it actually looked as if the Cube were due for a trimming. The trimming, however, never passed the prospective stage. The Brocklyn defense cracked and threw a splint in the stretch and the visitom gathered in two runs and the game. A mighty home run drive over the right field fence by Dobbe in the first game was a minute gilver speck on the Brooklyn cloud. The scores:
